# LOCATION

Acton is a highly sought-after residential suburb in West London, situated within the Borough of Ealing. It is conveniently located approximately 1.8 miles to the North of Chiswick, 1.4 miles to the East of Ealing, 2.7 miles to the West of Shepherd's Bush, and 5.5 miles to the West of Central London.

Acton boasts outstanding public transportation options, thanks to its extensive network of Underground, Overground, and Elizabeth Line Stations. These stations, including Acton Central Rail Station (London Overground) at a mere 0.4 miles, Acton Main Line Rail Station (Elizabeth Line) just 1 mile away, and Acton Town Underground Station (Piccadilly) at 0.8 miles, offer convenient connections to key destinations such as King's Cross St Pancras and Tottenham Court Road. Additionally, the road infrastructure is excellent, with the A406 granting direct access to the M1 motorway, while the A40 provides convenient routes to Central London in the east and Heathrow Airport in the west.

# PROPERTY DESCRIPTION

The property is a part of the primary retail pitch along Acton High Street. It is a two-story building, set behind a brick façade that aligns with adjacent buildings. The property features a pub on the ground floor and a former gym on the upper floor, offering a total floor area of 12,462 sq. ft. The freehold title also includes a side passage along the Western boundary, which serves as a pedestrian fire escape and spans approximately 2.9 metres in width.

Adjacent to the property's northern boundary lies the Churchfield Quarter, a mixed-use development that was completed in 2019. This development consists of 178 apartments spread across five blocks.

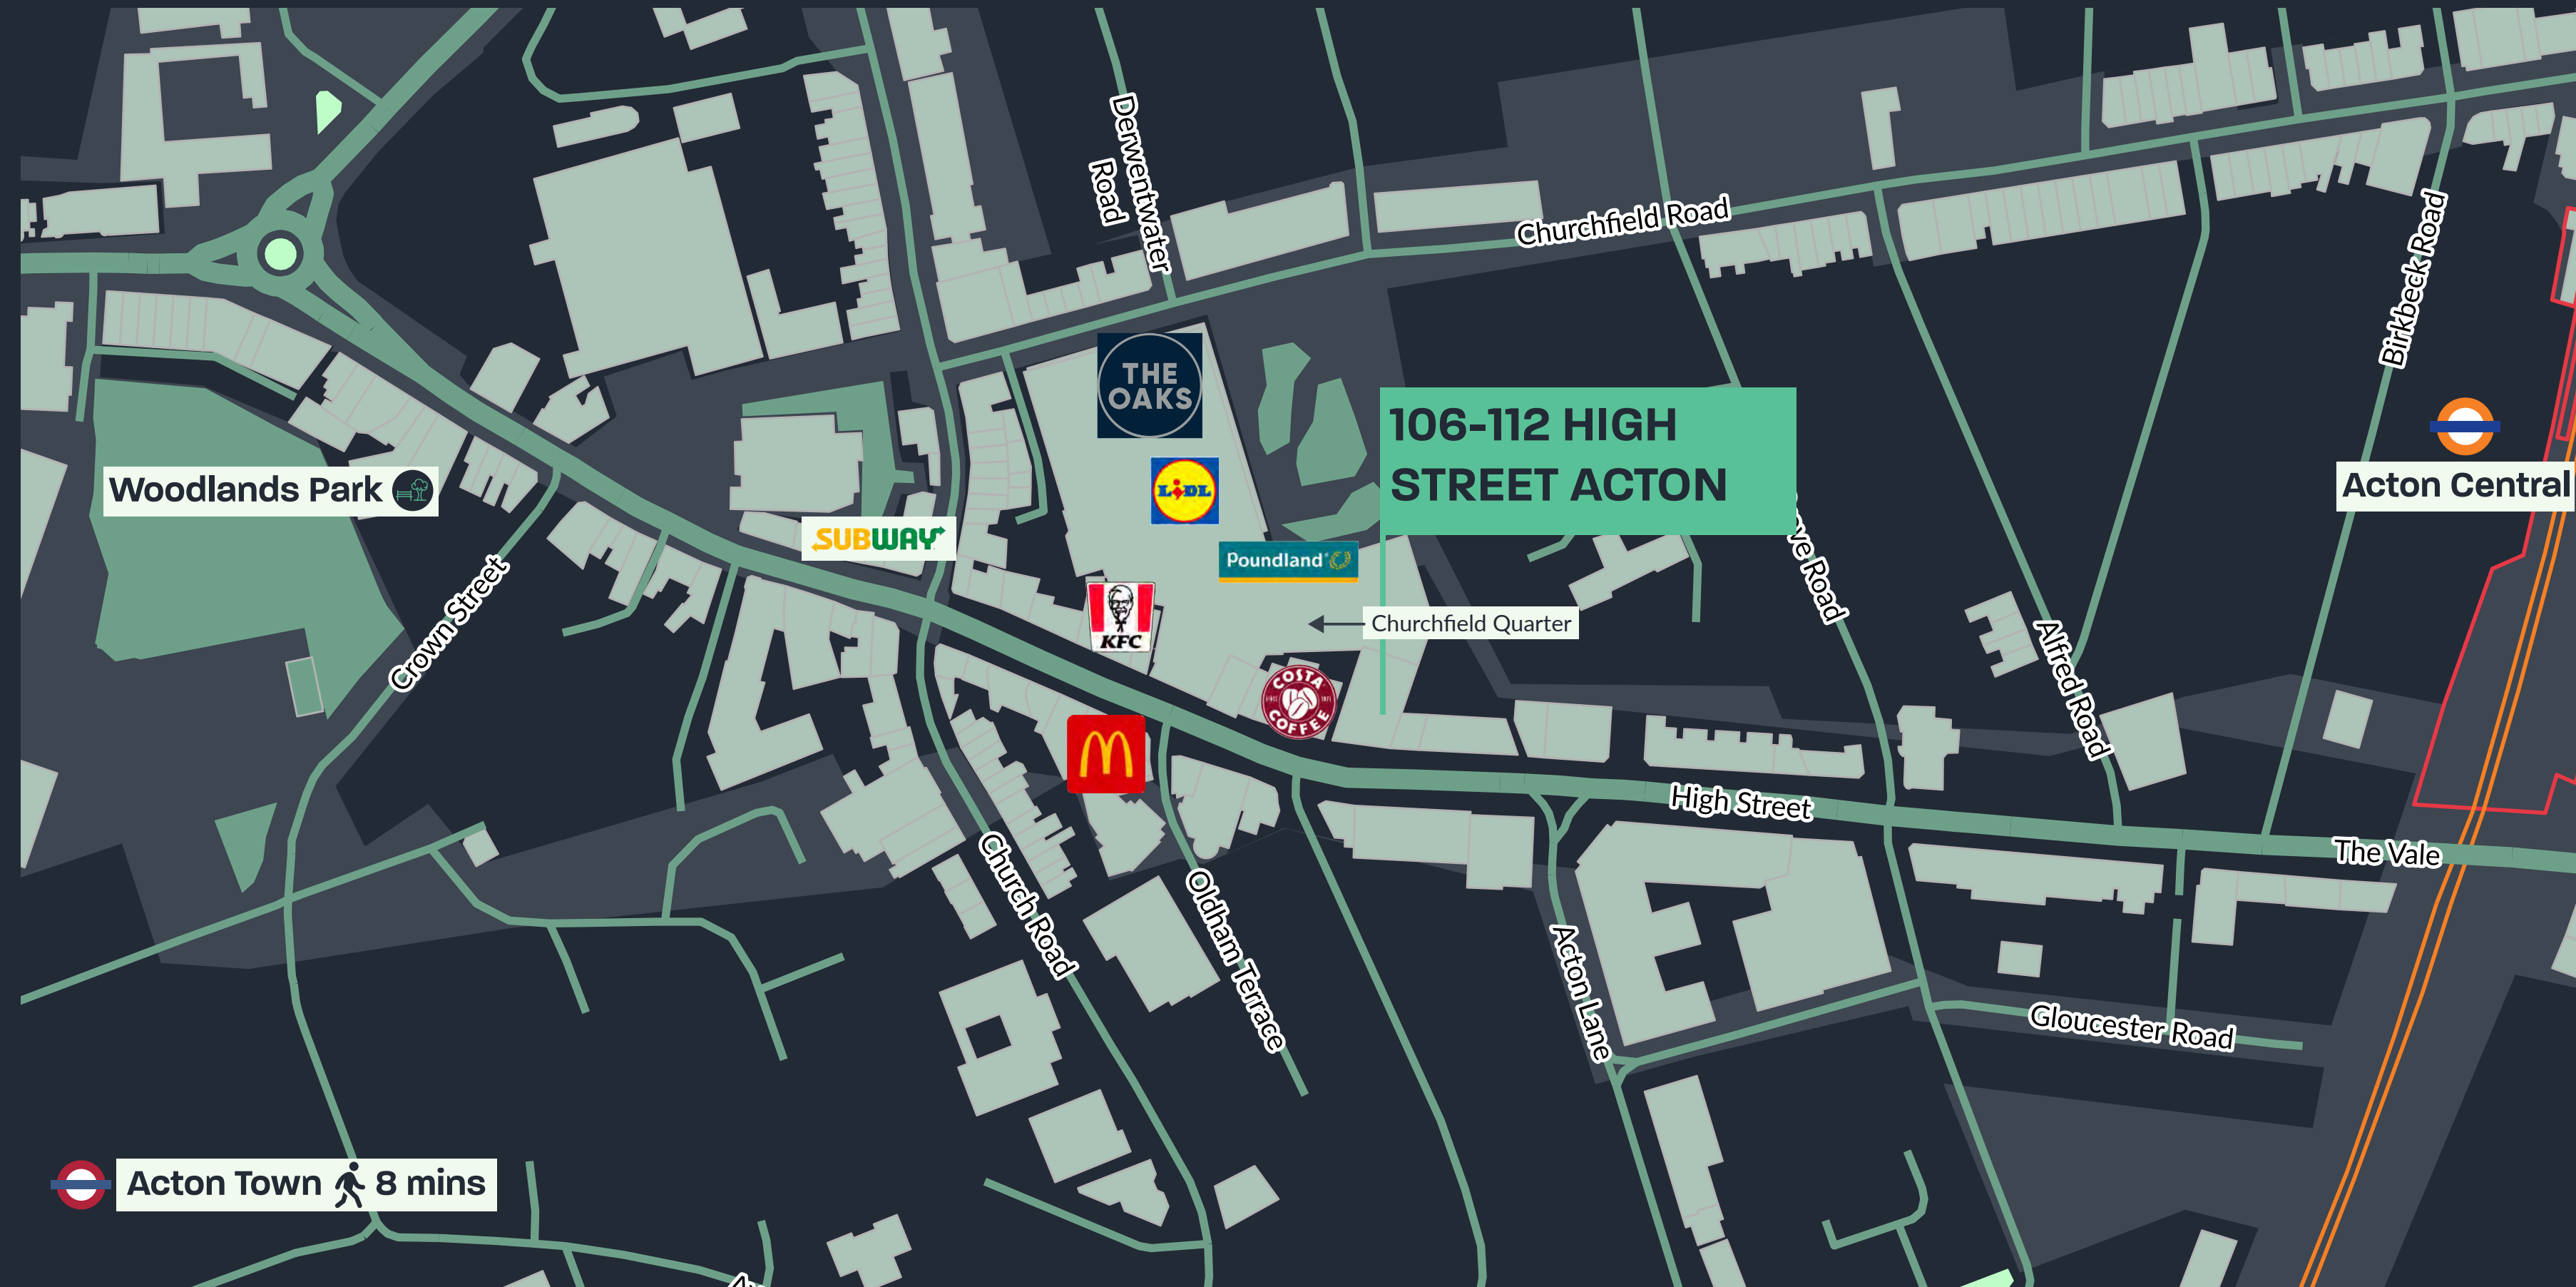

# SITUATION

The property is located on Acton High Street, approximately 0.4 miles away (an 8-minute walk) from Acton Central Station, which is served by the London Overground. Acton High Street is populated by multiple bus stops offering services to various destinations, including South Kensington, Hammersmith, Uxbridge, Chiswick, Gunnersbury, and Southall.

The Oaks Shopping Centre is a short distance from the property and hosts national retailers such as Lidl, Boots, the gym, Poundland, and numerous others.

# FEASIBILITY

The site holds significant potential for redevelopment, subject to obtaining all the necessary planning approvals. A feasibility study conducted on the site has put forth two viable options subject to planning permission.

Option 01 involves the demolition of the current structure, making way for a four-story residential development. Regarding site access, it is recommended to extend the existing side passage to 4.5 metres to allow for improved access and the potential for a designated parking space for blue badge holders. The four-story development is designed to accommodate 14 residential units, comprising 7 one-bedroom units, 4 two-bedroom units, and 2 three-bedroom units. Additionally, there is a rear courtyard within the development, providing amenity space for the residents. The total GIA, which includes a ground-floor retail unit, is 14,612 sq. ft. To ensure the development blends with the High Street, the proposed massing on the third floor is set back to maintain the parapet line of neighbouring properties.

Option 02, on the other hand, preserves the existing structure while adding a two-story extension, significantly increasing the commercial space to 4,500 sq. ft on the ground floor. The additional two stories accommodate 8 residential apartments, comprising 6 two-bedroom units and 2 three-bedroom units. Given the retention of the existing structure, this option results in a total GIA of 19,680 sq. ft.

Both options intend on widening the existing side passage to enhance access for the residential units. The latter option also retains the existing access to the upper-floor commercial unit on the High Street.
